International Conference on Mechatronics and Control Engineering is a premier, annual forum for researchers and scholars from multiple disciplines to come together to share knowledge, discuss ideas, exchange information, and learn about cutting-edge research in diverse fields with the common theme of mechatronics and control engineering. Continuing this tradition, 2020 9th International Conference on Mechatronics and Control Engineering (ICMCE 2020) will be held in Rome, Italy on July 22-24, 2020.

**Publication**

Submitted papers will go through a rigorous full peer review process. And the accepted papers (registered and presented) of ICMCE 2020 will be published into the conference proceedings, which is indexed by Ei Compendex, Scopus, etc. and is expected to be widely read and cited.

**Call For Papers**

- Acoustics and Noise Control
- Automotive Engineering
- Biomedical Engineering
- Composite and Smart Materials
- Dynamics and Vibration
- Engineering Materials
- GeoMechatronic
- Heat and Mass Transfer
- Instrumentation and Control
- Machinery and Machine Design
- Material Engineering
- Oil and Gas Exploration
- Operations Management
- Production Technology
- Solid Mechatronics
- Tribology
- Robotics
